Mayor David Drewnowski
Office 724-266-4070

March Report

Mayor and Council;

Attached you will find the monthly lists of all reports submitted by the Ambridge Police Department for the month of February, 2020. Addresses have been redacted to protect the privacy of victims and other reporting individuals. There are several more pages of reports due to our collecting more data and information that might be useful in the future. Officers are now completing reports on ALL calls for service.

The two officers who were injured on 05 Jan are expected to return to duty in a few weeks.

The District Attorney is willing to supply Naloxone (Narcan) supplies to every Ambridge PD vehicle. Training is available for all officers online. If council considers this desirable, we will modify the sample policy from the DA and present it at the next council session for approval.

The 'Coffee with a Cop' monthly meeting will continue at the Laughlin Memorial Library, immediately following council session. As the word gets out, more citizens are attending.

Mandatory In-Service-Training continues this month for all officers.

We attended a Grant Writing Seminar hosted by the Department of Justice at Westminster College on 13 Feb.

The yearly report for 2019 tracking crime rates and trends will be delayed longer than anticipated. The updates for our Visual Alert Reporting system were recently installed but the new National Incident Based Reporting System (NIBRS) is still not accepting our uploads. We are reaching out to the Pennsylvania State Police in Hershey for assistance.

Our License Plate Reader cameras have been installed at Rt. 65 and 4th St. but they will not be operational until the middle of the month due to software updates. Officers attended an update on the new system and training will be available from the vendor once it is ready.

In conversation with the Beaver County Sheriff's Chief Deputy, they may be able to assist Ambridge with traffic control on Rt. 51 and the Ambridge/Aliquippa Bridge during rush hours once renovations begin on the Sewickley Bridge. The AA Bridge is not listed on the PENDOT website as an alternate route but we expect heavier than normal traffic. Sheriff Guy will get back to us.

We spoke to a group of juveniles about law enforcement and Ambridge events at the New Hope Church, 6th St. and Beaver Rd. on 21 Feb after school.

Other routine reports are attached.

Chief Romutis

Here are two incidents in the month of February 2020 that were conducted by the Ambridge Task Force officers and the Attorney General's Office and the Beaver County HIDTA group.

The first was a drug investigation that lead to a search warrant and arrest of two males. Officers conducted surveillance and narcotics purchases of heroin from 941 Pine Street apt#1 rear after receiving numerous drug complaints from other residents in the area. Officers and Agents conducted a search warrant on 02 February 2020. Inside the residence officers encountered to two males both from Detroit, Mi. One of the males also had an arrest warrant out of Beaver County for other drug sales. Officers recovered heroin from the apartment along with appox. \$15,000 in cash. Both males were placed into the BCJ.

The second investigation involved a buy bust on 25th February with a known drug dealer from Ambridge. Officers and Agents purchased heroin from this male in the borough of Ambridge and arrested the male after purchasing the heroin. Officers found that the male had in his possession at the time of his arrest (54) fifty four stamp bags of heroin, (16) sixteen Ecstasy pills and (18) eighteen Suboxen strips. This male was currently on Probation and placed on a detainer at the Beaver county jail.
